

PHOTON ENERGY SYSTEMS LIMITED

HYDERABAD

QUALITY POLICY

To be one of the leading global Solar Photovoltaic and Solar Thermal enterprises providing quality products and services to consistently meet and exceed our customers' expectations in product performance, service and delivery with all statutory and regulatory requirements leading to total customer satisfaction. Management and Employees at all levels of our organization are committed to achieve the same.

We achieve this through implementation of a Quality Management System conforming to ISO 9001, continually reviewing the same and upgrading employee skills and the product.
